WEDNESDAY, APRIL 23, 1902.

## ABOUT TOWN.

Corn is very scarce here at present, and selling at 75 cents, Mexican, a peck.

Fresh butter, lemons, potatoes and onions just received at John McIlver's.

See the program for Friday's entertainment, published elsewhere in today's HERALD.

The remainder of the Pier Simpson's freight was brought up early this afternoon.

Be sure to buy a ticket for a "Box of Monkeys." You will have the time of your life.

Refreshments will be sold at moderate prices after the play on Friday evening, at the opera house. Be sure and stay.

A delightful moonlight picnic at the rice farm was given by Lieut. Beck and E. W. Crockett to a number of their friends last night.

Fund lovers should not miss the farce comedy on Friday evening, April 25; and music lovers will not fail to enjoy the musical numbers offered in addition to the play.

A number of cases of sudden illness, of acute indigestion, have occurred lately in town. Some attribute it to the poor quality of meat sold in the market of late.

The oxen which were examined by Dr. Parker, the government stock examiner, to determine whether they could be brought over from the Mexican side, were denied admission, as they were found to be infected with ticks.

No hats will be the rule for the ladies at the entertainment Friday night at the opera house, and it is understood that most of the ladies intend going without hats. Thus the people who sit behind others will have an opportunity to see what's going on.

Buy a ticket for "A Box of Monkeys," to be presented at the opera house next Friday night. It is a first class comedy, and the performers are all excellent. You are sure to enjoy it immensely. The rarity of such an event in Brownsville should bring out a full attendance.

A ticket to Friday night's entertainment costs only 50 cents, for which you will see a delightful farce-comedy and hear a choice concert. It is very seldom that Brownsville has an opportunity to enjoy such an entertainment, and there should be a full house.

Tickets for the farce comedy, "A Box of Monkeys," are now on sale at the Botica del Leon, and are also being sold on the street by children. Admission 50 cents. Reserved seats may be secured on payment of twenty-five cents extra at the Botica, in addition to the admission ticket. Admission to the balcony twelve cents.

The ladies having charge of the Pound Party yesterday afternoon disposed of the remaining articles received as admission fees, the greater part of them being bid in for the use of the Home for old women, which some of the Catholic ladies have established. After paying all expenses, it was found that the net proceeds of the Pound Party were \$291.

Under a general order issued by the war department, the Fourth Infantry is assigned to Forts Sam Houston, Brown, Ringgold and McIntosh, and the Twelfth Cavalry to Forts Clark and Sam Houston, "with troops detached as may be necessary to Forts McIntosh, Ringgold and Brown. From this it appears that the long deserted posts of Brown and Ringgold are at last to be garrisoned.

## A Polite Note.

There seems to have been some mistake in the report of THE HERALD'S Point Isabel correspondent as to the amount of money lost by Captain Harms of the schooner C. H. Moore, when he capsized with three young ladies whom he took sailing there recently. A polite note from the gallant captain says the statement that he lost one hundred dollars is a lie, and that it is nobody's business how much he lost, of all which THE HERALD'S readers are hereby duly informed.

## BE WISE TODAY!

'TIS MADNESS TO DEFER!

THE USE OF  
Paine's Celery  
Compound.

IN SPRINGTIME

Means Banishment of Disease  
and the Establishment of  
Strength, Vigor, and Per-  
manent Health.

Well meaning and really worthy people often err when sickness and disease come to them. Too often they are content to follow blindly the advice of second rate physicians, who in nine cases out of every ten fail to properly diagnose the illness they are called upon to cure. Too frequently our sick people put their trust and confidence in common, advertised pills, nervines, sarsaparillas, and other liquid concoctions. Terrible disappointments and results come to the users of such medicines; sickness and disease are aggravated—their dangers vastly increased.

Happy are the people who, when disease has laid its hand upon them, use Dr. Phelps' life giving prescription. Paine's Celery Compound, a medicine that stands without an equal for feeding exhausted nerves, purifying the blood, and building up the weakened and run down system.

Weakly, sickly, and disease laden mortal, it is madness to defer the use of that health giving medicine that has rescued and saved its tens of thousands in every land.

Paine's Celery Compound is the one true specific recognized and prescribed today by our most eminent and our most honest practitioners for diseases arising from a debilitated nervous system. You need its use this very day; your condition demands it; common sense, and a knowledge of what Paine's Celery Compound has done for others should be your guide at this critical time of your life. PAINES is the kind that makes sick people well! See that the name is on both bottle and wrapper. Do not be induced to take a substitute or any imitation; you need the kind that has cured others.

DIAMOND DIES. The only pure and unadulterated. Never crack! Never fade!

## To Celebrate a Great Event.

A move is on foot to have a barbecue in celebration of the completion of the big rice canal and pumping plant, built by the Brownsville Land and Irrigation company, on the day when the water is turned into the canal. Our citizens realize the vast importance of this great enterprise to this town and county. They also feel that they should show their appreciation of the important part played by Mr. W. M. Ratcliffe, the able and energetic manager of the company, in accomplishing this great work, so that they are entering heartily into the proposition to celebrate its inauguration. A list is being prepared for subscriptions to defray the expenses of the barbecue, and it is hoped that all will respond liberally, and do their best to make it a success. Let all Brownsville, and the surrounding country turn out and celebrate this day, which is undoubtedly the dawning of a new era of progress and development on the lower Rio Grande. It is an event which should inspire enthusiasm in every one living in this region.

## Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the menses come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark hal-moons under their eyes. A dose of

## WINE OF CARDUI

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into

attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Asbury Park, N. J., February 2, 1900. I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was something terrible. I induced her to try it and the first dose brought on her menses. She took it regularly according to the directions, and was greatly relieved. To use her own words, "it saved my life." J. WESLEY CHUBB.
